2. Write about your favourite activity using the planning page.

My favourite activity is playing ^R Roblox because I am good at playing games on

my iPad and iPhone. I play it at home but when I go out to eat I play it in the restaurant

When I have homework my mom says I will have to do it all to play Roblox but it's

different (different)

different when I have free time. I usually play with my little sister but I play with

my friends and classmates more often. I play Roblox every day but when I got my

I do not get to play

iPad and iPhone taken away it's not every day.
